Education

Vishwakarma Institute of Information Technology, Pune – [B-TECH] <i>Information Technology CGPA: 8.51/10</i>	2023 - 2026 <i>Maharashtra, India</i>
Sveri College of Engineering (Polytechnic), Pandharpur - [DIPLOMA] <i>Information Technology 91.00%</i>	2020 - 2023 <i>Maharashtra, India</i>

Experiences

Project Interns Big Buddies Foundation, Pune – (4 MONTHS) • Developed an Ed-Tech web application for user profile creation, educational content access, and interactive games. • Utilized Google Drive API to handle backend and frontend interactivity, enhancing user experience and simplifying the process.	Aug 2024 – Nov 2024
Trainee Engineer TechnoWings International IT Solutions, Solapur – (6 WEEKS) • Worked closely with professionals under the supervision of industry experts to deepen knowledge in core areas, including software development and project management. • Acquired hands-on experience with cutting-edge technologies, enhancing technical proficiency for real-world applications.	July 2022 – Aug 2022

Projects

E-Commerce Platform <i>MongoDB, Express.js, React.js, Node.js, GoogleAuth0, JWT, Razorpay Payment Integration, Cloudinary, Authorization & Authentication</i> • Developed and deployed a fully functional e-commerce website tailored for farm products, providing farmers and buyers with a seamless online marketplace. • Integrated a secure RazorPay payment gateway, enabling safe and hassle-free online transactions. • Implemented real-time updates for product availability and pricing, ensuring accurate and up-to-date information for buyers.	Dec 2024 – May 2025
Personalized Learning <i>MongoDB, Express.js, React.js, Node.js, Bootstrap, Gemini AI API</i> • Developed an AI-powered course generation system with the MERN stack, integrating GEMINI AI API to create personalized learning plans based on test results. • Implemented seamless login and test-taking, automating course creation for tailored learning while optimizing performance and scalability. • Ensured clean, maintainable, and scalable code, enabling future feature expansion and smooth performance across all devices.	June 2024 – Aug 2024
Mauli App for Government Officials, Pandharpur <i>Android Studio, Java, XML</i> • Team Lead for the development of an Android application for managing and monitoring police forces during large-scale events. • Collaborated with government officials to create the app, focusing on the management of police forces during the Yatra events. • Enhanced Operational Efficiency: Created a tailored app to manage and monitor suspicious activities, contributing to effective event management.	March 2023 – June 2023

Technical Skills

Programming Languages: Java, JavaScript, Python.
Technologies/Frameworks/Libraries: HTML, CSS, Bootstrap, Tailwind CSS, ReactJS, NodeJS, ExpressJS, Android Studio.
Other Skills: Problem Solving, Operating Systems, Data Structures and Algorithms, Database Management System.
Databases & Tools: SQL, MongoDB, Git, GitHub, Postman, AWS.

Achievements and Extra Curriculars

- Participated in multiple hackathons (AgriTech, Mumbai | TechHorizon, Nashik).
- Solved 200+ Coding Problems across platforms such as [GeeksforGeeks](#) and [Leetcode](#).
- Formed a Community of over 300 students - Delivered Multiple Seminars to start their journey in various IT Trends.
